### CNC machining capabilities

- CNC Vertical Machining (3000mm x 1400mm Max)
- CNC Horizontal Boring (800mm x 800mm Max)
- CNC Turning (900mm Max swing, 3000mm length)
- CNC Vertical Turning (800mm dia Max)
- 4 and 5 axis Milling
- 3D CAD Model manipulation
- Renishaw probing

### Manual machining capabilities

- Horizontal boring (3000mm x 1500mm Max), rotary tables, sliding heads
- Manual Turning (Ø1500-1800mm x 6000mm Max)
- Vertical boring (Ø1800mm x 1200mm Max)
- Turning up to 6 tonnes, milling up to 4 tonnes
- 1 off or batch runs

### Quality inspection

- Initial, in-house and final inspection
- CMM
